ABOUT URBAN RANGER CORPS

For 25 years, Urban Ranger Corps has been transforming the lives of young men through mentoring, academic support, workforce development, leadership development, and life-changing opportunities. We invite you to support our 15th Annual Urban Rendezvous, our signature fundraising event that makes this important work possible.

Your support directly impacts young men by providing positive mentors, academic guidance, career exploration, paid work experiences, leadership training, and character development. These opportunities help prepare them to become successful students, productive citizens, and future leaders in our community.

You can sponsor a table, become an underwriter, purchase individual tickets or donate online.
